Adsense Keywords For Twenty Two Hot Niches

I'm happy to supply the following adsense keywords that concentrate on twenty two hot niches and probably paying out high to very high average Earnings Per Click (EPC). The key word here is "average" EPC. Don't be fooled by keyword lists that show terribly high first Bidder rates as Google solely sets the speed at one cent above the 2nd Bidder, that may be considerably lower.

For instance, the first Bidder for an Adsense Keyword may be \$4.seventy four but the 2nd Bidder is solely 86 cents resulting in the highest Bidder being solely eighty seven cents. Additionally, Bidders within the 3rd, fourth, fifth, sixth, 7th, 8th, ninth, and 10th Bidders could all be below fifty cents that consequently result in the "average" Bid amount being 28 cents... a far cry from the \$4.seventy four first Bidder amount. Thus if you didn't grasp before, I hope you recognize now. It's important to be targeted on the "average" not the highest bid. Of course, market size is the subsequent thought to see potential traffic and income.
