# **Targeted Traffic The Holy Grail To Succeed With Online Marketing**

Online Marketing is known as one of the easiest business plans to make online profits. But in order to make profit as an affiliate marketer you need highly targeted traffic. Now there are a aggregation of techniques to generate targeted traffic to your websites or affiliate offers, let us verify a look at some of them!

### Long Term Traffic Techniques

1. SEO : This stands for Search Engine Optimization and is one of the most popular and effective long term traffic strategy but it's rattling important to target the right competition to be successful with Search Engine Optimization. In order to find profitable keywords I highly recommend to download my [Keyword and Backlinking Toolbar](#), containing more than 20 free Keyword-research tools, some content resources, and a aggregation free websitebuilder and hosting opportunities!
2. Article Marketing : Article Marketing is a great way to intend long term reciprocation from article directories like ezinearticles.com for example. Another benefit from writing articles and submitting them to article directories are a some high PR backlinks to your website, this will help you to achieve better search engine rankings and getting more organic reciprocation from Search Engines! I propose to feature the AuthorGuidelines from EzineArticles to intend an impression on how to indite a good article!
3. Press Releases : Press Releases are a news publication, this is a rattling good way to intend targeted reciprocation at a rattling low cost or modify free. Please feature the PR-Guidelines for more informations about writing press releases.
4. Social Marketing : By using websites like MySpace, Facebook and Twitter you will not only be able to build a huge stream of reciprocation but also to find other likeminded grouping to interact together, find JV partners and much more. The other side of Social Media Marketing is that it can be rattling time consuming to ingest it to its full potential.

There are a aggregation more possible ways to intend more targeted traffic, here now a some Short Term Traffic Methodes!

1. Pay Per Click (PPC) Marketing : Here you acquire Traffic From other Companies (mainly Search Engines and "Content Networks"), if you acquire PPC Traffic you will "pay per click", this effectuation you will pay a gift for every click on your ad. If you ingest Search Engine Advertising, you need to choose Keywords or Search Terms for your ad, your ad will only be visible to grouping searching for your chosen keywords! The by far most popular PPC Service is Google Adwords, but there are a aggregation more like MSM, Yahoo or Adbride. To learn how to ingest this business method with the best results I highly propose to verify a look at The Adwords Miracle, this guide to Adwords shows you a aggregation of tips and tricks to be successful with adwords!
2. Pay per View Traffic : This is an relative new way to acquire reciprocation from so called PPV Networks. These networks ingest a Pop Up system to lead their exit Traffic to your Website, if you know how to chose the right websites where the pop up to your place will appear, you can intend rattling affordable but highly targeted website visitors! Visit my [Mass PPV Traffic Review](#) to learn more about the Number One Pay Per View Traffic Course.
3. E-zine or Email Ad's : This can be another powerful business method to build nearly instantly targeted reciprocation to your website. There are some e-mail companies with huge email lists or newsletter and you can rent a business space to advertise your product. Be sure to choose targeted e-mail lists attendant to your product to intend the best results!
